she was designed to dispel the belief that comfortable
accommodations could only be achieved at the expense of
performance. That beauty and luxury transcend ruggedness.
And that quality can only be measured by price. But of course, by
reputation she had to be special. For she's an Endeavour 42, the
ultimate statement of excellence.

It is her rugged sea keeping qualities, ease of handling and
unparalleled live aboard comfort that first attracted the attention of
serious cruising sailors and charter yacht companies. Twelve
aluminum opening ports, four large fixed ports in addition to five
deck hatches guarantee plenty of ventilation and light below. While
the wide weather decks and raised bulwarks stress safety on deck.
We know what experienced cruising sailors require.

The Endeavour 42 has also distinguished herself as a special yacht
when underway. She has proven to be fast on all points of sail. The
high aspect ratio mast head rig compliments her powerful hull form.
She is easily driven to windward with a fine entry while her
moderate flare forward maintains an easy motion and dry decks in a
seaway. Firm bilges and full sections aft enhance the Endeavour
42's sail carrying ability and reaching qualities. And excellent
tracking is provided by a moderately deep draft keel and a high lift
spade rudder supported by a partial skeg.

Below deck, the Endeavour 42 reinforces Endeavour’s
reputation for elegant accommodations. We combined precise
joinery work with the finest hand varnished teak woods available.
The main salon is available with straight settees to port and
starboard (convertible to double berths) or a circular dinette to port.
Huge unencumbered food preparation areas facilitate the creation
of sumptuous meals in her galley. A 13.5 cubic foot refrigerator,
double stainless steel sinks and a propane stove with oven are
standard.

Both the forward and aft staterooms were designed on a
grandiose scale. Plenty of drawers for storage. The four large
hanging lockers are cedar lined and lighted. And each stateroom
has its own head with separate shower stall. The aft stateroom has
an island berth that can be entered from either side while the
forward stateroom has an enormous v-berth.

But you must look beyond her elegant interior and sassy
performance to fully appreciate the Endeavour 42’s uniqueness.
Her construction and equipment describe a yacht of elevated
quality. Hand laid fiberglass hull and deck with end-grain balsa
coring for maximum strength. Massive stainless chainplates are
connected by Navtec® tie rod systems to stainless steel splicer plates
embedded by hand lamination into the hull structure for optimum
Perkins diesel, 110 volt shore power. Hot and cold pressure water.
And a very special ingredient that distinguishes her as an
Endeavour; pride in workmanship.

Performance. Comfort. Quality and sophistication. The
Endeavour 42 may be the most significant cruising yacht available
today. And the best investment for tomorrow.

**A STATEMENT OF EXCELLENCE**

For over a decade, Endeavour Yacht has distinguished itself as the premiere manufacturer of quality cruising yachts. The qualities that define a great yacht represent an uninterrupted sequence of evolutionary development. Innovative designs nourished by engineering ingenuity. State-of-the-art construction methods and materials integrated with old world craftsmanship. And, of course, a painstaking quality control schedule reinforced by one of the most comprehensive warranty programs in the industry.

It is this commitment to building the finest yachts available that has established Endeavour as the dominant manufacturer of charter yachts. Professionals cannot tolerate compromise. Their yachts must perform flawlessly under the rigors of continuous use. Every Endeavour yacht logically benefits from this continuous scrutiny. We give you performance by experience.

An Endeavour yacht represents the pinnacle of sailing nobility. And our blue blood lineage is consistently revealed by a history of appreciated resale value. Every Endeavour yacht is truly a statement of excellence. And discrimination.
